10 Core Courses

- Accounting for Business Decisions
- Analytics for Managers
- Business Ethics
- Capstone Project
- China and the Global Economy
- Competitive Strategy
- Corporate Finance
- Managing Digital Innovation
- Managerial Economics
- Marketing Strategy

6 Electives

Our elective courses will be categorised into five themes

Students may also take up to two electives from Master of Science in Business Analytics, Master of Economics, Master of Finance, Master of Accounting, Master of Science in Marketing, Master of Global Management and Master of Finance in Financial Technology.

Programme Structure

You are expected to complete the above courses within a minimum of 2 years (to a maximum of 4 years) in a 5-weeks modular structure, meaning you just have to concentrate on one single course in a given 5-weeks period.

The HKU MBA is offered in both weekday and weekend modes. Students can choose the study mode that best suits their work commitments. A certain degree of flexibility between weekday and weekend mode courses may be allowed on a case-by-case basis. The weekday or weekend mode applies to core courses only, with electives offered from a common pool comprising courses in both modes.

HIGHLIGHTS

Flexibility

Studying at your own pace, you can complete this MBA degree within 24 months whilst continuing your busy work schedule.

Diverse and Contemporary Elective Selection

Your MBA electives are often taught by industry practitioners to bring in real-world experience and experienced professors to solidify your management framework. Our elective courses include: Artificial Intelligence for Business Leaders, Insights & Lessons: Reflections of a CEO, Online Business Strategy, Marketing for Tech-Intensive Industries, The Emergence of Fintech and its Impact on Global Finance and Banking, International Field Project and so on.

Modular Structure

Both weekday and weekend modes are offered on a modular basis to allow students to focus on studying one course at a time. Each module lasts about five weeks. This structure offers tremendous benefits to students, who may have intensive work commitments in a particular period, and can thus choose not to enroll in that module.

Professional Development Workshops

Part-time MBA students will have access to professional development workshops and industry leadership talks. We invite professionals to guide our students through workshops that focus on topics such as personal branding, communication and industry knowledge enhancement. Leadership talks given by industry executives offer opportunities for students to engage in meaningful dialogue with business leaders, allowing students to gain an in-depth understanding of how global businesses work.

Regional Perspective

Our Asia-Pacific focus will give you a distinct advantage in building your career in the region. The focus on Asia and China business renders the programme highly relevant to the wider region's dynamic, ever-evolving business environment.

Entrepreneurial Incubation Lab

HKU MBA partners with Cyberport Academy, part of Hong Kong's largest startup incubation hub to conduct the Entrepreneurial Innovation Lab course. The course aims to build up entrepreneurial mentality that leverage on the training, cultivate the capabilities of start-up founders to identify the market opportunities, and to engage in practical workshops to develop investor decks and present startup pitch.

International Field Trip

In the past few years, we have organised numerous international field trips to Asia, Europe and the US. International field trip is an elective which helps our students understand business dynamics in different economies by visiting companies and institutions, and also speak with CEOs and top management of the visited companies.

Case-Based Approach

The HKU MBA programme adopts an experiential-learning approach, with the extensive use of business cases that enables students to become effective problem solvers and decision makers. These cases are written by our own professors and are published by our renowned Asia Case Research Centre (www.acrc.org.hk).

Strong Alumni Network

More than 245,000 University alumni have spread worldwide representing over 150 nationalities. You can further expand your network regionally and globally.

The London & New York Connection

There is a possibility for you to spend a semester at London Business School or Columbia Business School which offer great environments for business education along with international exposure.

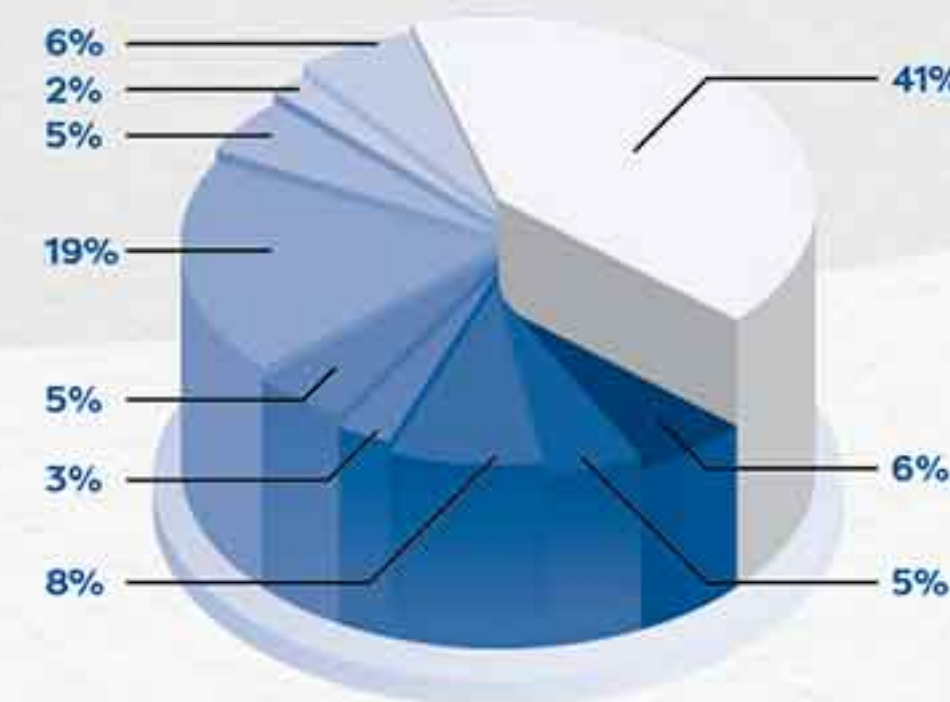

Alumni Lifelong Learning

In order to equip our alumni with new knowledge and further strengthen their MBA networks, HKU Business School offers their alumni the chance to enroll in one elective per academic year to continuously enhance their knowledge and stay connected to the business school. No course enrollment fee will be charged.

Jozef Mansy

"I was raised in Switzerland, a country which offers a traditional and vocational education path. By choosing the vocational education path, I had the opportunity to work and study from the very beginning. My career started in 2006 in one of the country's tier 1 banks. Switzerland is not only famous for its chocolate and watch industries but also for traditional financial services."

2020

STUDENTS TESTIMONIALS

2019

2022

Vladimir Emmer

"Working in one of the largest global retail groups as a regional procurement specialist, Vladimir Emmer (Class of 2022) was supposed to be heavily involved in international travel to meet with different suppliers and to build robust relationships."

Sirl Avayou

"I moved to Hong Kong from Thailand in 2007. Having worked in junior management roles for some time in the city, my career was naturally progressing to a more senior level of management. However, I didn't have the experience I felt I needed to really thrive in this type of role."

2019

2019

Sahil Talwar

"I have been in Hong Kong for over 7 years now. When I first moved here in 2013, I was working with a consultancy, supporting AXA Insurance on their digital initiatives and then I later moved on to HSBC in 2015. It was during this transition that I thought of applying for the prestigious HKU MBA programme."

Shahvir Carnac

"When I was deciding on a school for the MBA, HKU stood out not only because it was one of the best in Asia but also cause the program was not geared solely towards a specific industry such as finance. It has the flexibility of being able to tailor your MBA journey the way you deemed fit and select electives which could gear you towards a specific industry or give a well-rounded MBA experience."

Pakning Luk

"After completing my undergraduate studies, I pursued my career in the e-commerce field. I am currently working at UberEats as a sales leader."

2020

2022

Max Sun

"We invited a current part-time student, Max Sun, who owns extensive experience in the finance industry, to talk about his MBA journey by asking how the programme benefited him as finance professionals and how he tackle the professional challenges he face with the knowledge they acquired from doing the MBA."

Geeseok Oh

"My name is Geeseok and I am from Korea. I am the Managing Director at Qraft AI ETFs, an investment firm that adapts AI technology to innovate the inefficiencies found in today's asset management firms. We see many inefficiencies during the trading process of the traditional ETF industry, including the cost and waiting time, so we try to use AI technology to minimise these inefficiencies."

2019

2019

Amy Hau

"I completed my Bachelor of Liberal Arts with a specialisation in accounting from York University, Canada. After working in Toronto for a few years I decided to move to Hong Kong to pursue my career."

Kevin Yao

"The reason I joined HKU MBA is because it is well known to mainland students that the teaching quality and reputation of The University of Hong Kong are very high."

MBA LIFE

ENGAGEMENT

- 1 Part-time MBA Alumni Panel
- 2 US Field Trip
- 3 Sake Tasting for HKU MBA Community
